

# Australian Standards Making

Owen Manley, Technical Manager, Lighting  
Council Australia, Chairman of Committee EL-41

23 June 2010

# Development of Standards

- Australia and New Zealand joint standards (AS/NZS)
- 2 Committees
  - EL 41 - Lamps and Related Equipment
    - Safety and performance
    - Industry and safety regulators
  - EL 41-08 - Lamps and Lighting Equipment—Energy Performance
    - Energy efficiency test methods
    - Energy efficiency MEPS
    - Industry and government representatives
- Adopt IEC standards as much as possible
- Mirror and participate in IEC standards-making

# Lighting Efficiency Standards

- AS/NZS 4782, Linear Fluorescent Lamps
- AS/NZS 4783, Fluorescent Ballasts
- AS/NZS 4847, CFLi
- AS/NZS 4879, transformers for low voltage halogen lighting
- AS/NZS 4934, incandescent lamps

Performance levels in standards, rather than regulation
