

Seventh *lites.asia* Regional Policy Meeting

Jakarta, Indonesia, 22-23 April 2013

Welcome and Introductions

Mel Slade

*Australian Department of Resources, Energy and
Tourism*

lites.asia objectives

- Bring regional policy makers and their support organisations together to:
 - Increase participation by Asian economies in the IEC standards development process
 - the aim being that resulting test methods and performance standards are appropriate to the region;
 - Improve knowledge of standards in force and under development across the region
 - to learn from each other and not reinvent the wheel;
 - Develop national and regional capacity for compliance in standards and labelling processes
 - to help consumers save money and countries reduce their electricity consumption

Agenda

- Developments in LED Standards
- Daylighting – an underused resource
- IFC's Lighting Asia and Green building Code programs
- UNEP's *en.lighten* initiative
- Meeting with Indonesian manufactures to discuss the impact of standards and labels in other countries

Introductions
